

Department of Petroleum and Mineral Resources Engineering
Bangladesh University of Engineering and Technology

We are pleased to inform you that Professor Dr. Mohammed Mahbubur Rahman will be conducting a discussion session on the latest research topics in Petroleum Engineering. The discussion will be held on Saturday, March 04, 2023, at 12:30 PM in the PMRE Classroom.

This session is designed to help students develop a better understanding of the current research trends in petroleum engineering. We will be forming small research groups from this session, and you are encouraged to participate actively in the discussion.

We invite all interested students to attend this session and contribute their ideas and perspectives on the latest research topics in petroleum engineering. Please be on time and ensure that you bring a pen and paper to take notes.
